It is a moment of great Pride & Honour for me that I have got an opportunity to serve this prestigious Institution. This pleasure itself become many fold because it is my mother institution where I started my Technical Education in 1982. Ramgarhia Polytechnic College Established in 1950 was first in state to be recognized & financially aided by the Government of Punjab. As an oldest Technical Institution it occupies unique place. This technical college is the greatest nurtured thought of great personalities -Late S.Mohan Singh Hadiabadi, S. Mela Singh Bhogal, S. Pritam Singh Bhogal, and S.Bharpur Singh Bhogal. Now-a-days it is progressing by leaps & bounds under the Meticulous planning and guidance of Mrs Manpreet Kaur Bhogal, Chairperson Ramgarhia Educational Council. I along with my dedicated staff always strive to fulfill the dreams and ideals through a dedicated and practical approach. Sports & Youth festivals are the main areas in which the students of different college get an opportunity to show their co-curricular talent to improve their personality. Last year our institution had won Victor Ludorum Championship Trophy in State level Inter Polytechnic Athletic Meet organized by Punjab Technical Institutions Sports. Many awards of appreciation have been won by our college. The placement cell is the deep Strength of multinational companies. Many students have benefitted from this and are serving in reputed companies. In the coming years we will see the same values and traditions of our college being maintained. I wish the institution a great success and prosperity including a better Technical atmosphere for developing a bright and progressive India. S.Jasbir Singh Khasria **Principal Ramgarhia Polytechnic college Phagwara**
