

Workshop on AI-Based Software Training Successfully Organized

29/04/2026 08:35 by rampolyphg

Phagwara, April 29, 2026: Alpha Global Enterprises, in collaboration with Digitech Institute, successfully organized a workshop on "AI-Based Software Training" at Ramgarhia Polytechnic College, Phagwara. The workshop was specially conducted for students of CSE, ECE, Mechanical, Civil, and Electrical Engineering (4th Semester). The session took place at Venue L-13 and commenced at 10:30 AM.

The primary objective of the workshop was to introduce students to the latest advancements in Artificial Intelligence and its practical applications in software development. Participants gained valuable insights into AI tools, industry trends, and real-world implementation techniques. The session was highly interactive and engaging, encouraging students to think innovatively and explore emerging technologies. Experts shared practical knowledge and guided students on how to enhance their technical skills to meet future industry demands. The workshop emphasized the importance of learning, innovation, and implementation, inspiring students to upskill today and lead tomorrow. Overall, the event proved to be a great success, providing students with a strong foundation in AI-based technologies and motivating them to pursue future opportunities in this rapidly growing field.
