

Seminar on CAD-CAM Technology and Job Placement Awareness Conducted at Ramgarhia Polytechnic

04/06/2026 23:05 by rampolyphg

Phagwara, June 4, 2026: Ramgarhia Polytechnic College, Phagwara, organized an informative seminar in collaboration with GNA University on CAD/CAM Technology and Job Placement Awareness for students. The seminar aimed to enhance students' understanding of modern design and manufacturing technologies while creating awareness about career opportunities and placement prospects in the engineering sector. The session was conducted by experts from GNA University, who highlighted the significance of Computer-Aided Design (CAD) and Computer-Aided Manufacturing (CAM) in today's industrial environment. Students were introduced to the latest technological advancements, industry requirements, and the skills needed to improve their employability.

The seminar was held in the esteemed presence of Mr. Baljit Singh Ubhi, Director Workshops, who encouraged students to continuously upgrade their technical knowledge and remain industry-ready. He emphasized the importance of practical skills and professional development for achieving successful careers. Speaking on the occasion, Mrs. Rupinder Kaur, Principal of Ramgarhia Polytechnic College, appreciated the efforts of GNA University in conducting the seminar and motivating students towards skill development and career planning. She encouraged students to actively participate in such academic and industry-oriented activities to broaden their knowledge and career opportunities. The seminar concluded with an interactive question-and-answer session, where students gained valuable insights into CAD/CAM applications, higher education opportunities, and placement avenues in the engineering and manufacturing sectors.
